About the Major Projects Inventory

The BC Major Projects Inventory (MPI) contains summary information on major projects in the Province of British Columbia, Canada, that are over $15 million (Cdn.) capital cost, or $20 million in the Lower Mainland–Vancouver area.

As of September 2004, the information in this published version of the BC Major Projects Inventory continues to be prepared by Jackie Hamilton & Associates, although it is now owned and published by the Province of British Columbia.

Sources of MPI Information
Information sources include print and electronic media, developers, architects, general contractors, and government agencies (provincial, regional, municipal) as well as occasional site visits.

Project Location
Projects are listed according to eight regions: Vancouver Island/Coast, Mainland/Southwest (Vancouver area), Thompson/Okanagan, Kootenay, Cariboo, North Coast, Nechako, and Northeast. Maps showing the location of the regions and main population centres are included in the MPI. Projects are also listed according to the nearest population centre, which could be an unincorporated centre or a local government, e.g., a municipality.

Updates
New projects are added to the database every quarter. Projects already in the database are updated, at minimum, every six months unless there is no expected change in status for a longer period of time. Projects may be shown as updated with no change in information—this means that the information shown is still valid according to the verifying source.

Estimated Costs
Cost estimates are general estimates from the information sources used.

Start and Finish Dates
Start and finish dates for proposed projects are based on estimates from the sources used, or in some cases, on reasonable assumptions. These dates are revised as new information becomes available.

Project Status
Projects are listed by status: proposed, under construction, completed, or on hold. Notes on other status indicators are also included in the project description. Projects that are on hold for longer than two years are normally removed from the publication (although retained in our database). Cancelled projects are noted in the project descriptions as cancelled, then removed from the next issue of the MPI.

Highlights of the September 2005 Issue

This issue of the BC Major Projects Inventory lists 32 proposed new projects over $15 million reported for the third quarter of 2005, totalling approximately $1.6 billion in potential new capital investment, if all the projects proceed.

Residential projects make up one third of the list of new projects. The largest residential projects on the list are the $200 million Plaza 88 proposal, consisting of four towers integrated with the New Westminster Skytrain station, and the $170 million, Orchard's Walk, geothermally-heated residential community in Kamloops.

Several utilities projects are on the list—mostly redevelopments of existing electricity generating or distribution systems, with the addition of two new independent power proposals. Thirty-nine major projects started construction in the third quarter, valued at $3.1 billion. The Red Mountain Ski Resort Expansion, expected to build out at a cost of approximately $750 million, started the first phase of a $24 million project. The first section of the $626 million Sea-to-Sky Highway upgrading also started construction.

Fourteen projects completed construction in the third quarter, the largest being the $150 million River Rock Casino development in Richmond.

The capital cost of all major projects currently under construction in BC is estimated at $33 billion. Proposed projects are estimated at approximately $48 billion (including new and previously proposed projects); however, of this amount, only about $22 billion in projects are in advanced stages just prior to construction commencing. Finally, approximately $4 billion of projects are judged to be 'on hold' for the time being.

STATUS: PROPOSED

Bella Coola

Bella Coola Rock Project
Ph: (250) 339-3083
Proposed aggregate quarry approx 2 km from Bella Coola. Mining permit has been approved. Ownership has changed and the plan is being revisited.

Status: Proposed — Start: ?
Est. Cost ($ million): 15 — Finish: ?
First Entry: Sep 2003 — Last Update: Sep 2005
Project ID: 997

Campbell River

Cruise Ship Facility - Campbell River
Campbell River Indian Band Ph: (250) 286-6949
The Campbell River Band is planning a cruise ship facility at an expanded and upgraded dock on Campbell River Indian Reserve #11. The project will include a customs building and receiving area. The design will resemble a West Coast First Nations village. The band is awaiting a formal announcement from Indian and Northern Affairs Canada that will confirm funding for the project.

Status: Proposed — Start: Spring 2006
Est. Cost ($ million): 16 — Finish: Summer 2006
First Entry: Sep 2005 — Last Update: Sep 2005
Project ID: 1515

Campbell River

Saratoga Beach Resort and Golf Course
Dennis Stairs Ph: (250) 286-5700 (District of Campbell River)
Proposed development includes a destination resort and residential development, and a nine hole executive golf course which will replace an existing eight acres of driving range. The project will consist of a 20-suite boutique style hotel with restaurant, sports pub, meeting facilities, fitness centre, indoor/outdoor pool, health spa; 18 townhouses, one 20-suite condominium complex and two 30-suite condominium buildings. Development permit application submitted. Architect: Robert Boyle.

Status: Proposed — Start: ?
Est. Cost ($ million): 20 — Finish: ?
First Entry: Sep 2005 — Last Update: Sep 2005
Project ID: 1489

Campbell River

Charlton Shopping Centre
M. A. Charlton & Associates Ph: (604) 377-2332
Proposed 101,000 sq ft commercial/retail centre at Dogwood and 16th Streets. Conceptual planning stage. A rezoning application has been approved and a development permit was issued. Building permit to be submitted in late 2005.

Status: Proposed — Start: Apr 2006
Est. Cost ($ million): 15 — Finish: May 2007
First Entry: Jun 2005 — Last Update: Sep 2005
Project ID: 1438

Campbell River

Discovery Bay/Menzies Bay Residential and Resort Development
Merrill & Ring Canada Ph: (250) 286-5700 (District of Campbell River)
Proposed resort and residential community to include up to 800-units, an 18 hole golf course and clubhouse. Amendment to the Official Community Plan has been approved. Currently in the rezoning process.

Status: Proposed — Start: Summer 2006
Est. Cost ($ million): 70 — Finish: 2015
First Entry: Mar 2005 — Last Update: Sep 2005
Project ID: 1357

Campbell River

Tyee Coal-Fired Power Plant
Quinsam Coal Corp. Ph: (250) 286-3224
Early planning stages for a 165 MW coal-fired electricity generating plant approx 20 km east of Campbell River adjacent to the Quinsam coal mine. The proposed project was not selected for consideration in BC Hydro's Vancouver Island Call for Tenders. The project area was annexed to the City of Campbell River. Proponent is planning to bid the project into the next BC Hydro call for electricity.

Status: Proposed — Start: ?
Est. Cost ($ million): 325 — Finish: ?
First Entry: Mar 2004 — Last Update: Sep 2005
Project ID: 1090

Colwood

John Stubbs Middle School
School District 62 Ph: (250) 474-9840
New elementary and middle school to replace existing elementary school at Zealous Crescent, with an area of approximately 7060 sq m. Working drawings underway, tender call anticipated late 2005. Architect: Garyali Architect Inc.

Status: Proposed — Start: Mar 2006
Est. Cost ($ million): 19 — Finish: Jun 2008
First Entry: Sep 2005 — Last Update: Sep 2005
Project ID: 1473

Colwood/Langford

Olympic View Neighbourhood
Golf BC Ltd./CRC Developments Ltd.
Ph: (250) 478-5590 (Colwood City)
Proposed multi-phase development on 111 ha near Olympic View golf course, to contain 593 dwelling units in Colwood (mix of 317 detached, 330 attached and 270 apartments) and 357 units in the District of Langford. Also included is a 6.9 ha park, a 120-room hotel, 3,500 sq m of office and retail space, and a new 9-hole golf course. Rezoning has been approved. Architect: Idealink Architects. Consulting Engineers: Bullock Bauer Associates Ltd.

Status: Proposed — Start: ?
Est. Cost ($ million): 60 — Finish: ?
First Entry: Dec 1997 — Last Update: Sep 2005
Project ID: 8

Comox

Bear Coal Mine
Compliance Energy Corp. Ph: (604) 689-0489
Compliance has completed its review of test drilling in part of the Bear Metallurgical coal deposit south of Cumberland, which covers 250 hectares. The company expects to ship a bulk sample before the end of 2005. The evaluation of deposits and drilling is expected to continue on adjacent areas. A detailed mining and reclamation plan is being compiled.

Ladysmith

Terasen Vancouver Island LNG Gas System Upgrades
Terasen Utilities Ph: (604) 576-7000
Terasen's proposal is to develop a Vancouver Island Liquefied Natural Gas (LNG) storage facility and add to the pipeline distribution system. Rezoning was approved in May 2004 for a 43 ha site, west of Mt. Hayes and approx 8 km northeast of Ladysmith, for the proposed LNG facility. The plant will have the capacity to liquefy approx 7.5 mmscfd and vaporize and inject up to 100 mmscfd of natural gas back into the pipeline system. The BC Utilities Commission approved the project when it was linked to the now-cancelled Duke Point Power Project (see id 1201). However, the project may still proceed as Terasen may be submitting a revised application to the Utilities Commission.

Victoria

VENUS Project
University of Victoria Ph: (250) 472-5364
A network of undersea sensors to provide real time information on the behaviour of these water bodies and the seafloor onto the internet. The prototype line 3 km into Saanich Inlet from Pat Bay will start construction first. Two other fibre optic cables will be laid in Fall 2005 across the Strait of Georgia from near the Tsawwassen ferry terminal and across the Juan de Fuca Strait from south of Race Rocks. The first three lines received $10.3 million funding. A contract has been signed to design, build, test, and deploy the wet plant portion of the VENUS observatories. This project is funded by several research organizations and is related to the NEPTUNE Project (see project id 1036). Website: www.venus.uvic.ca

Delta

Roberts Bank Container Expansion Program Terminal 2 and Deltaport 3rd Berth
Vancouver Port Authority Ph: (604) 665-9000
A proposed container expansion program at Roberts Bank consists of two projects to increase capacity from the current 900,000 TEUs to 3 million TEUs: Terminal 2 and the Deltaport Terminal Expansion. Terminal 2, with a cost of $750 million, is a new container port at Roberts Bank, which involves filling and dredging, and would be located adjacent to the existing Deltaport Container Terminal. The Deltaport Terminal Expansion project, with a cost of $272 million, involves constructing a third berth, and the preferred site of the U-shaped design is in front of the current footprint of the terminal on the south side. An Environmental Assessment Act application for Deltaport was submitted in Feb 2005. The Deltaport 3rd berth is expected to complete construction in 2008. Website: www.portvancouver.com

Status: Proposed
Est. Cost ($ million): 1000
First Entry: Dec 2002
Project ID: 863
Start: Early 2006
Finish: Summer 2010

North Vancouver

The Pier - Mixed Use Development
Pinnacle International Ph: (604) 988-1688
Located east of Lonsdale, 14 individual development parcels include approx 1.16 million sq ft of residential, commercial (office, retail, hotel, conference facility) and institutional uses. Construction is underway on Parcel 1, which includes 64,600 sq ft of commercial space in a 5-storey building. Parcel 2, which is a 142,625 sq ft building, called Premiere, with residential units above commercial space started construction in Summer 2005. Parcel 3, a 10-storey residential high rise called Esplanade West, is in pre-sales. Parcel 4 includes a 181,700 sq ft residential high rise called The Esplanade. A development permit has been processed for Parcel 5, the Pier Hotel, which will include 110-rooms in a 7-storey building, a 10,000 sq ft conference facility, a games room, a theatre room, and a 6-lane indoor pool. Parcels 7 and 8, commercial redevelopments, may proceed in late 2005. Parcel 9 contains a heritage building, and will be gifted to the City of North Vancouver for potential development as a museum and sub-sea centre. Parcel 10 will be 25,825 commercial sq ft in a heritage building. Parcels 11 and 12 will be 315,525 sq ft of residential and live-work units. Parcel 13 will be 4,000 sq ft of commercial space. Also see the Lower Lonsdale and Foot of Lonsdale projects. Website: www.thepier.info

Lower Lonsdale Development Plan
North Vancouver City Ph: (604) 985-7761 (North Vancovuer City)
Six block development area comprised of 15 development sites (owned mostly by the City of North Vancouver) to include 1,600 dwellings in several buildings, a grocery store, retail outlets and a community centre. Site is bounded by Third St, St. George's Ave, Chesterfield Ave and Esplanade. Site 2 contains a 12-storey, 117-unit residential building named One Park Lane by the Millennium Group, which is complete. Site 3A, at 151 W. 2nd, has been sold to Seagate Properties Ltd. which started construction in Summer 2004 on Sky, a 20-storey high rise with adjacent townhomes. A number of developments are complete, e.g. the Fairmont Group's TIME development. The City will be marketing its lands over the next 5 to 10 years. Development plans for the area east of Lonsdale (Sites 9, 10, 11 and 12), consisting of 20.8 ha, were finalized in Fall 2004 and include residential towers and a waterfront area, and include the Pier Mixed Use Development which is being developed by Pinnacle International (see separate entry).

UBC - University Town
University of British Columbia/Private Developers Ph: (604) 822-6400
Eight neighbourhoods are currently being planned for the UBC Endowment Lands. Two neighbourhoods are under construction: Mid-Campus (Hawthorn Place) and Theological (Chancellor Place) neighbourhoods. A number of developments have completed construction. Mid-Campus developments include: Logan Lane, which contains 61 townhomes is complete; Reflections, a 77-unit condominium building expected to be completed in Dec 2005. North of Mid-Campus are the Marine Towers: a 65 unit building; and a 151 unit tower on Southwest Marine Drive, both completed construction in Sep 2005. Somerset, an 18-home duplex project, completed construction in Sep 2005, as did The Promontory, an 18-storey, 95-unit apartment project by Polygon Homes. The Theological/ Chancellor Neighbourhood has several market housing developments under construction. ESSE Garden Homes contains 23 garden flats and townhomes, and Chancellor House, which contains 45 apartments and 10 townhouses are now completed. Argyll House East and West, which contain 84 apartments and townhouses, are expected to complete in Oct and Dec 2005. Folio at Chancellor Place is a 58-unit, 4-storey wood-frame development expected to complete in Summer 2006. The Corus is a proposed 14 storey residential tower by Bastion Development Corporation - development permit is approved. The $100 million, 7.2 ha Boulevard Neighbourhood project concluded the architectural competition. The winning team is Moore Ruble Yudell Architects and Planners (Santa Monica, CA) with Hughes Condon Marler Architects (Vancouver, BC). The neighbourhood plan for the East Campus Neighbourhood has received approval-in-principle. Planning has not begun on the Thunderbird and Gage South neighbourhoods. The North and South Campus neighbourhoods are in the planning and consultation process. Liberta - West Point Grey at 2780 Acadia St, which includes 40 townhouses and fourteen 3-level duplex homes completed in spring 2005. Galleria is a condominium and townhouse development by Orca West Developments Ltd located on UBC endowment lands. It includes 95-units in four 4-storey buildings, which are expected to complete in Fall 2006. A fifth building with 45-units may also be developed in the future. Website: www.universitytown.ubc.ca

Port of Vancouver Centerm and Vanterm Expansion Project
Vancouver Port Authority Ph: (604) 665-9337
The Port of Vancouver will add an extra 425,000 Twenty foot Equivalent Units of containers (TEUs) at the port's two Burrard Inlet container terminals, Centerm and Vanterm, for a new total capacity of 1.97 million TEUs in 2005. This represents the first step in the VPA's overall plan to reach 4 million TEUs of capacity by 2020. The throughput capacity of the facilities is expanding on the existing footprints. Vanterm will have its current capacity increased by 100,000 to 600,000 TEUs - construction completed. Centerm will have its current capacity increased from 340,000 to 720,000 TEUs to complete by 2007. See separate entry for Roberts Bank Container Terminal 2 and Deltaport Expansion (Delta). Ph: (250) 765-3101
As part of a ten-year resort master plan, there are numerous ongoing projects. Concert Properties built 12 townhomes and a 40-unit condominium building in 2003. Phase 1 of the 54-unit Snowbird Lodge in the Village began construction in Spring 2004 and completed Summer 2005. Phase 2 of Snowbird Lodge will contain 60-units and be completed by Dec 2007. The newest neighbourhood, the Ridge, will have approx 100 building lots with provision for single-family and duplex homes. Website: www.skisilverstar.com

STATUS: PROPOSED

108 Mile Ranch

Hills Health Ranch Expansion
Hills Health and Guest Ranch Ltd. Ph: (250) 791-5225
Proposed expansion to the 108 Mile Ranch health facility. Plans include 250 housing units and a village which would include a variety of health and wellness services, such as fitness facilities, spa services, health professionals, restaurants and retail outlets.

Status: Proposed — Start: Late 2005
Est. Cost ($ million): 40 — Finish: 2020
First Entry: Dec 2004 — Last Update: Sep 2005
Project ID: 1227

Mackenzie region

Mt Milligan Copper/Gold Mine
Placer Dome Inc. Ph: (604) 682-7082
Proposed copper/gold mine located 150 km northwest of Prince George with a reserve of approx 370 million tonnes. Project had received approvals, and is reactivating. Ten test holes were drilled in Summer 2004, and an upgraded feasibility study will finish by late 2005. Based on the results of the study, the company will decide whether to proceed with the development.

Prince George

Duchess Park Secondary School Replacement
School District 57 (Prince George) Ph: (250) 561-6800
Proposed replacement of the Duchess Park Secondary School. Provincial funding has been approved.

Status: Proposed — Start: 2008
Est. Cost ($ million): 18 — Finish: Early 2010
First Entry: Jun 2005 — Last Update: Jun 2005
Project ID: 1409

Prince George

UNBC Northern Sport Centre
University of Northern British Columbia Ph: (250) 564-8530
Approx 80,000 sq ft sports centre to include a gymnasium and 200 m four-lane indoor track with spectator seating, and an indoor field. Plans also include an athletes service area for training athletes, and will include areas for strength training, physical therapy, meeting rooms and coaching office. Provincial government is contributing $20.5 million to the project. The selected proponent is Northern Sport Centre Consortium. Website: www.unbc.ca/nsc

Status: Proposed — Start: Spring 2006
Est. Cost ($ million): 32 — Finish: Spring 2007
First Entry: Mar 2005 — Last Update: Sep 2005
Project ID: 1315

Prince George

Arctic Railway - Alaska to Mainland US
Ph: (867) 456-3912 (Yukon Economic Development)
Proposal for a 1850 km direct rail connection of Alaska to the rest of the continental US that would pass through BC or BC and Alberta. Support has been expressed by the Yukon government, northern BC communities, and the Alberta government. A conference in Juneau identified two potential routes: north from Prince George and roughly following the Cassiar Hwy to intersect the Alaska Hwy at Mile 649 near Watson Lake YT, or along the Alaska Hwy all the way. Both options would use existing rail lines or beds as much as possible. The US government and Canadian governement are participating in a joint preliminary review of the project, expected to finish by Jun 2006.

Status: Proposed — Start: ?
Est. Cost ($ million): 2000 — Finish: ?
First Entry: Mar 2004 — Last Update: Jun 2005
Project ID: 1073

Prince George

Ethanol Plant
First Ethanol Refinery (BC) Inc. Ph: (250) 964-9779
Proposed plant on 60 ha site to produce ethanol and other products using wood processing residue. Approval has been given from the Land Commission to remove the land from the reserve, with conditions. The company is working on the conditions, and obtaining financing.

Status: Proposed — Start: 2007
Est. Cost ($ million): 20 — Finish: 2009
First Entry: Mar 2002 — Last Update: Jun 2005
Project ID: 802

Quesnel

Wood Manufacturing Plant
Ainsworth Lumber Ph: (604) 661-3200
Preliminary plans for two mills (also see project id 1424 Vanderhoof) to absorb 1.4 million cubic metres per year of wood from forests in Quesnel and Vanderhoof. Each mill would produce 500 million cf/yr. One mill could produce Oriented Strand Board. Licences for the timber have been acquired, however decisions on the mills will be made after further consultation. Still in proposal stage waiting for studies and permits to complete.

Status: Proposed — Start: ?
Est. Cost ($ million): 200 — Finish: ?
First Entry: Jun 2005 — Last Update: Sep 2005
Project ID: 1417

Valemount

Canoe Mountain Resort Developments
Sunrise International Inc. Ph: (780) 962-9298
Development proposals near the Village of Valemount include a gondola ($11-12 million), resort (possibly condos, hotel), golf courses, private residences at Canoe Mountain and a nearby guest ranch. Development to be undertaken in four phases and completed over 12 to 20 years, depending on the market. Phase 1 would include the gondola, a hotel and a 9-hole golf course, and would be complete in 3 to 5 years. Project has gone through changes made to the OCP. The Master Plan was approved. Land clearing began in Spring 2004. Zoning and subdivision approvals are required.

Status: Proposed — Start: Spring 2006
Est. Cost ($ million): 100 — Finish: 2020
First Entry: Mar 2000 — Last Update: Sep 2005
Project ID: 649

5. Cariboo

Valemount To Burnaby

Trans Mountain Expansion (TMX) Pipeline
Terasen Pipelines Inc. Ph: (403) 514-6638
Terasen plans to build a new pipeline in stages, called TMX, along the existing Trans Mountain Line from Edmonton, Alberta to Burnaby, BC or the north coast of BC, which would eventually carry 640,000 barrels/day to BC, with connections to Washington refiners. The pipeline would loop Terasen's existing 1150 km, 60 cm pipeline with a new 76 cm pipeline. The first phase, from Edmonton to Valemount, BC may be in service by 2008, unless market conditions indicate that the second stage should proceed as well, then both would be in service by 2009. Stage 3 would be in service by 2011. TMX may also be accessing a new northern leg in BC to a potential new deepwater port on the north coast. Environmental studies and consultation are underway. Regulatory approval applications will be filed in late 2005. Capital cost below is estimated for BC portions. Website: www.tmxproject.com

Status: Proposed
Est. Cost ($ million): 1600

Wells

Cariboo Gold Project
International Wayside Gold Mines Ltd. Ph: (604) 669-6463
Proposed 3,000 tonnes/day gold ore mine (300 t/d from underground operations) 82 km east of Quesnel. Bulk sampling on the Bonanza Ledge has been conducted. Detailed mine design of the Bonanza Ledge-Barkerville Mountain is expected to be completed in 2005. Preparing for Environmental Assessment Act review.

Status: Proposed
Est. Cost ($ million): 60
First Entry: Mar 1999
Project ID: 523
Start: Summer 2006
Finish: Fall 2007
Last Update: Sep 2005

Williams Lake

Prosperity Gold/Copper Project
Taseko Mines Ltd. Ph: (250) 684-6365
Proposed development of a large gold/copper deposit 125 km SW of Williams Lake (192 km by road). Preliminary figures suggest an operation employing 350 people and milling 66,000 tonnes/ day over a 30-year mine life with mineable reserves of 744 million tons. Construction of a 125 km power transmission line and access roads will also be included in the construction. Pre-feasibility study was completed by Kilborn Engineering Pacific Ltd. Project is reactivating.

Status: Proposed
Est. Cost ($ million): 900
First Entry: Dec 1997
Project ID: 302
Start: ?
Finish: ?
Last Update: Sep 2005

STATUS: ON HOLD

Valemount

Terra Nova Hot Springs Resort
Terra Nova Ph: (604) 688-0225
Development of a hot springs resort to include a hotel, spa and conference facilities. Additional development around the hot springs on 100 ha of Crown Land is being considered. An application for a preliminary agreement has been submitted to the Provincial land management agency, and work on a Master Development Agreement began. This development will follow after the start of the Canoe Mountain Resort development (see separate entry). The project is currently on hold.

Prince George To Cache Creek

Cariboo Connector - Highway 97 Improvements
BC Ministry of Transportation Ph: (250) 828-4297
Proposed major improvements to 460 km of Hwy 97 between Prince George and Cache Creek. Plans include widening the highway to four lanes on several sections, as well as a $33 million project to widen the Simon Fraser Bridge in Prince George. Capital cost is approved for the first phase to start design for target completion in 2007. This phase includes: four-laning of three km sections at: Old Cariboo to Buckhorn-Damms Road and Plett Road south of Prince George and a two km section (Red Bluff Road) south of Quesnel, and improving the Simon Fraser Bridge near Prince George to add two lanes, which will commence engineering work this year. Construction has begun on Fletchers Four-Laning, a 3.5 kilometre project south of Williams Lake, and will finish in Fall 2005.

Status: Construction started
Est. Cost ($ million): 200
First Entry: Jun 2005
Project ID: 1375
Start: Summer 2005
Finish: 2011
Last Update: Sep 2005

Quesnel

West Fraser Sawmill Replacement Project
West Fraser Timber Co. Ltd. Ph: (250) 992-9244
Proposed replacement of the existing Brownmiller Rd sawmill with a new three-line sawmill with a capacity of 500 million board ft, as well as 16,000 sq ft of expanded administrative space. The new sawmill will maximize recovery and optimize productivity from beetle-killed timber.

Status: Construction started
Est. Cost ($ million): 105
First Entry: Jun 2005
Project ID: 1379
Start: May 2005
Finish: Aug 2006

STATUS: PROPOSED

Atlin

Ruby Creek Molybdenum Mine
Adanac Moly Corp. Ph: (604) 531-9639
The Ruby Creek Project is a proposed open pit molybdenum mine situated 24 kilometers northeast of Atlin, BC, which would operate at 20,000 tonnes per day of ore for 20 years and have an overall footprint of approximately 830 hectares. A final resource study was completed in spring 2005. The project will be applying for BC Environmental Assessment Act approval. Website: www.adanacmoly.com

Status: Proposed
Est. Cost ($ million): 30
First Entry: Jun 2005
Project ID: 1428
Start: Summer 2007
Finish: Spring 2008
Last Update: Jun 2005

Graham Island

Harmony Gold Mine
Taseko Mines Ltd. Ph: (604) 684-6365
The Harmony property is located on Graham Island, with a potential of 64 million tonnes containing 3 million ounces of gold. Detailed engineering and exploration studies will be required.

Status: Proposed
Est. Cost ($ million): 50
First Entry: Sep 2005

Red Chris Porphyry Copper/Gold Project
Red Chris Development Co Ltd. Ph: (604) 683-0140
Proposed open pit copper/gold mine 18 km southeast of the village of Iskut, and 80 km south of Dease Lake, expected to process 30,000 tonnes/day of ore. The mine life is 25 years and will create 250 jobs. The proponent is a subsidiary of bcMetals Corp. The project received BC Environmental Assessment Act approval in Aug 2005.

Status: Proposed
Est. Cost ($ million): 228

Kitimat

Galveston Liquid Natural Gas (LNG) Terminal
Kitimat LNG Ltd. Ph: (403) 264-3330
A proposed liquid natural gas terminal at Emsley Cove, 18 km south of Kitimat, to include facilities for marine offloading, LNG storage, natural gas liquids recovery, re-gasification, and send-out facilities to deliver natural gas into the Pacific Natural Gas (PNG) pipeline. A new 14 km, 30 in pipeline would connect from the facilities to the PNG line. Send out capacity is proposed at 610 MMcf/day. Project has submitted an application for review under the BC Environmental Assessment Act. Open houses took place in Jun 2005.

Status: Proposed
Est. Cost ($ million): 500
First Entry: Jun 2004
Project ID: 1125
Start: Summer 2006
Finish: Nov 2008
Last Update: Sep 2005

Masset

Nai Kun Wind Power Project
Nai Kun Wind Developmnet Inc./ABB New Ventures
Ph: (604) 685 5853
Proposed 700 MW wind power project on the Queen Charlotte Islands. A detailed transmission study is completed and approval obtained to investigate use of the seabed for anchoring the towers. A joint procurement agreement was signed with Cape Wind (a significant wind producer in North America). Permits have been obtained from provincial and federal governments to do seismic tests, wind tests and environmental studies; also obtained is a written permit from the Council of the Haida Nation. Website: www.naikun.ca

Status: Proposed
Est. Cost ($ million): 1000
First Entry: Jun 2002
Project ID: 819
Start: 2007
Finish: Late 2008

Prince Rupert

Prince Rupert LNG Terminal
Prince Rupert Port Authority/Westpac Terminals Inc.
Ph: (403) 920-3277
Westpac has agreed to build and operate a 160,000 to 180,000 dm storage facility and move 300 mcfd of liquefied natural gas (LNG) through existing pipelines on Ridley Island near Prince Rupert. Environmental and regulatory approvals preparation is underway.

Status: Proposed
Est. Cost ($ million): 300
First Entry: Dec 2004
Project ID: 1287
Start: Summer 2006
Finish: 2009
Last Update: Sep 2005

Prince Rupert

Prince Rupert Port Expansion
Prince Rupert Port Authority Ph: (250) 627-8899
Proposed expansion of the existing port into a state-of-the-art terminal in two phases. The new terminal, upon full build-out, will occupy 150 acres and be able to handle 2 million TEUs. The first phase, which will contain three 120 m high super post-panamex cranes, is expected to be operational by 2006, and the second by 2009. The second phase involves converting the existing Fairview Terminal from bulk, break-bulk and general cargo to containers. It includes installation of container cranes and upgrades to CN's North Main Line to allow double-stack containers. Maher Terminals (New Jersey) was selected as the operator. Contract was awarded in May 2005 for demolition of existing Fairview Terminal buildings. Contractors for the wharf construction have been pre-qualified, tender documents will be issued in fall 2005. Website: www.rupertport.com

Status: Proposed
Est. Cost ($ million): 500
First Entry: Mar 2003

Prince Rupert

Tsimshian Access Project
Prince Rupert City Ph: (250) 627-0963
Original proposal was to construct bridges to link Kaien Island, Digby Island and the Tsimshian Peninsula, to connect the City of Prince Rupert with the airport and several native villages. Bridge user-fees were expected to recover partial costs of the project. A memorandum of understanding was completed by the provincial and federal governments, the City of Prince Rupert and two native bands. A phased approach to route selection and design will occur. A feasibility study was completed in Apr 2004, and the City has received a final report. The Project has been changed and will now consist of a system of road works and ferries, and one small bridge. Funding is still under discussion - project delayed.

Status: Proposed
Est. Cost ($ million): 72
First Entry: Sep 1998
Project ID: 479
Start: Summer 2007
Finish: Fall 2009

Prince Rupert/ Kitimat

Gateway Pipeline Project - Enbridge Inc.
Enbridge Pipelines Inc. Ph: (780) 420-5210
Proposed 76 cm diameter, 1,200 km pipeline from Edmonton, Alberta to deliver crude oil to the deep water port at either Prince Rupert or Kitimat. The pipeline would deliver 400,000 barrels/day to a tank farm for storage prior to shipping to California and the far east. Preliminary engineering and environmental overviews are completed. Memorandum of understanding was signed in Apr 2005 with PetroChina to buy half of the daily 400,000 barrel capacity. Currently seeking additional customers and in discussions with First Nations. Approx 2000 construction jobs are expected. Project cost is estimated for BC portion.

Status: Proposed
Est. Cost ($ million): 1900
First Entry: Mar 2003
Project ID: 929
Start: Early 2008
Finish: Late 2010

Skidegate

Qay'llnagaay Heritage Centre
Qay'llnagaay Heritage Centre Society Ph: (250) 559-7709
Development of ten connected structures for a total of 120,000 sq ft at the south end of Graham Island in the Queen Charlotte Islands. The heritage centre, which is under construction, will include a welcome house, performing arts centre, interpretive centre, Bill Reid teaching centre, classrooms, trading centre, gift shop, canoe shed and an expansion and remodeling of the existing museum, as well as new Parks Canada offices. The ten connected structures will be laid out to represent a traditional Haida Village. The development will also include a 28-room destination lodge and a restaurant, which is currently in the planning stage. Construction of the first long house began in 2003. An eating house is under construction and expected to complete in Spring 2006. Design of the balance of the buildings is complete. Construction Contractor: Grand Construction. Architect: David Nairne & Associates.

Status: Construction started

STATUS: PROPOSED

Chetwynd Area

Dokie Wind Farm Project
Dokie Wind Energy Inc. Ph: (250) 381-1208
Proposed 300 MW wind farm with preliminary plans for 200 1.5 MW turbines on a site south of the WAC Bennett Dam. Currently in the pre-application stage of the Environmental Assessment process. Project plans to submit a bid for the next BC Hydro call for power.

Status: Proposed — Start: ?
Est. Cost ($ million): 450 — Finish: ?
First Entry: Jun 2005 — Last Update: Sep 2005
Project ID: 1389

Chetwynd Area

Wartenbe Wind Energy Project
Dokie Wind Energy Inc. Ph: (250) 381-1208
Proposed 60 MW wind farm in a location south of the WAC Bennett Dam. Project plans to submit a bid for the next BC Hydro call for power. The project is in the Environmental Assessment Act pre-application stage.

Status: Proposed — Start: ?
Est. Cost ($ million): 90 — Finish: ?
First Entry: Jun 2005 — Last Update: Sep 2005
Project ID: 1390

Chetwynd Region

Lossan Coal Mine
Cline Mining Corporation Ph: (705) 560-8100
Proposed mine to be built in phases to produce 1 million tonnes of PCI (pulverized injection coal) and coking coal annually. Prefeasibility study is underway, and a mine permit application is being prepared.

Status: Proposed — Start: Fall 2006
Est. Cost ($ million): 25 — Finish: 2008
First Entry: Dec 2004 — Last Update: Jun 2005
Project ID: 1230

Fort St. John

Fort St. John Reinforcement Project
BC Hydro/BC Transmission Corp. Ph: (250) 561-4906
British Columbia Transmission Corporation (BCTC) and BC Hydro are jointly planning to build a new 138 kV transmission line and a substation north of Fort St. John.The new Fox Creek Substation will be constructed north of Fort St. John near Fox Creek at 272nd Road and Prespatou Road. The substation will have two 138/25 kV transformers. The new 138 kV transmission line will interconnect with an existing transmission line west of Fort St. John off Highway 29 on Hannaford Road. The new transmission line will travel north within approximately 54 km of new right-of-way to the Fox Creek Substation.

Status: Proposed — Start: Spring 2006
Est. Cost ($ million): 24 — Finish: Fall 2006
First Entry: Sep 2005 — Last Update: Sep 2005
Project ID: 1541

Fort St. John

Winter Sports Facility
Fort St. John City Ph: (250) 787-8150 (City of Fort St. John)
Proposed facility for a new Olympic speed skating training facility with twin hockey rinks - one NHL-size and one Olympic-size. The new facility will also include athlete services and movable bleachers that will provide seating for up to 1,000 spectators. The Provincial government is contributing funds to the facility. Currently seeking federal funding and reviewing submissions from three architects.

Status: Proposed — Start: Spring 2006
Est. Cost ($ million): 28 — Finish: Fall 2007
First Entry: Jun 2005 — Last Update: Sep 2005
Project ID: 1382

Fort St. John

Hotel, Convention and Gaming Centre
0713500 BC Ltd Ph: (250) 787-8150 (Fort St John City)
Proposed 110,000 sq ft hotel, convention and gaming centre to be located on a 2.8 ha site on 112th St. Rezoning was approved.

Status: Proposed — Start: Late 2005
Est. Cost ($ million): 35 — Finish: Early 2007
First Entry: Mar 2005 — Last Update: Sep 2005
Project ID: 1348

Mackenzie

Kemess North Expansion
Northgate Mineral Corp. Ph: (604) 681-4004
An expansion project, located 5 km from the current Kemess South Mine, intended to extend the life of the mine, involves the mining of an additional 360,000 million tonnes of copper/gold ore. Northgate completed its final feasibility study of the project in Oct 2004. A federal review panel has been struck for environmental assessment of the project.

Status: Proposed — Start: Fall 2006
Est. Cost ($ million): 119 — Finish: Summer 2007
First Entry: Mar 2004 — Last Update: Sep 2005
Project ID: 1059

North Of Mackenzie

McGregor River and Herrick Creek Hydroelectric Project
CanGen Power Ltd. Ph: (250) 952-6246 (Integrated Land Management Agency)
CanGen Power Ltd. is proposing two run of river hydro projects: a 40 MW facility on the McGregor River in the Prince George region and a 19 MW facility on one of its tributaries, Herrick Creek. Permit applications and on-going studies are expected to continue for some time.

Status: Proposed — Start: ?
Est. Cost ($ million): 28 — Finish: ?
First Entry: Mar 2005 — Last Update: Sep 2005
Project ID: 1293

Tumbler Ridge Area

Five Cabin Property Coal Mine
Hillsborough Resources Ltd Ph: (604) 684-9288
Proposed coal mine development in the Tumbler Ridge area. Project includes constructing a wash plant and loadout facilities. The exploration program is well underway. Website: www.westerncoal.com

Status: Proposed — Start: 2007
Est. Cost ($ million): 140 — Finish: 2009
First Entry: Mar 2005 — Last Update: Sep 2005
Project ID: 1354

© Ministry of Economic Development

Tumbler Ridge Area

Hermann Coal Mine
Western Canadian Coal Corp Ph: (604) 608-2692
Proposed coal mine to include mining the Hermann deposits located on four Coal Licenses in the southern portion of the Wolverine property. Exploration is continuing.

Status: Proposed
Est. Cost ($ million): 20
First Entry: Mar 2005
Project ID: 1318
Start: ?
Finish: ?
Last Update: Sep 2005

Tumbler Ridge Area

Trend Coal Mine
NEMI Northern Energy Mining Inc. Ph: (604) 689-0277
Proposed 1.5 million tonne/year open pit coal mine and process facility with an expected life of 12 to 15 years. Site located 25 km south of Tumbler Ridge adjacent to existing small mine. Expected to enter the BC Environmental Assessment Act review process in 2006.

Status: Proposed
Est. Cost ($ million): 75
First Entry: Dec 2004
Project ID: 1265
Start: Summer 2007
Finish: Late 2008
Last Update: Sep 2005

Tumbler Ridge Region

Belcourt and Saxon Coal Mines
Western Canadian Coal Corp/NEMI Northern Energy & Mining Inc. Ph: (604) 608-2692
Two proposed coal mining projects in close proximity to one another. Mines may share some common facilities, such as a wash plant and loadout facilities. Exploration programs have been expanded. Website: www.westerncoal.com

Status: Proposed
Est. Cost ($ million): 100
First Entry: Mar 2005
Project ID: 1332
Start: Summer 2007
Finish: Early 2008
Last Update: Sep 2005

STATUS: ON HOLD

Mackenzie

Finlay River Power Project
Northgate Minerals Corp. Ph: (604) 681-4004
Proposed 20 MW run-of-river hydroelectric project, 250 km northeast of Smithers, to supply energy to the proposed Kemess North project. Project would elevate the water levels of Thutade Lake only within the water bodys current natural high water levels. Project is on hold while company awaits environmental approval for its proposed Kemess North project (see project id 1059) .

Status: On hold
Est. Cost ($ million): 25
First Entry: Mar 2005
Project ID: 1325
Start: ?
Finish: ?
Last Update: Sep 2005

Taylor

Taylor Pipeline
TransCanada Pipelines Ventures Ltd. Partnership Ph: (403) 920-2000
53 km of pipeline from Taylor to the Novagas pipeline system in Alberta, which could create approx 100 construction jobs. Project is on hold indefinitely.

Status: On hold
Est. Cost ($ million): 70
First Entry: Mar 1999
Project ID: 524
Start: ?
Finish: ?
Last Update: Mar 2005

STATUS: CONSTRUCTION STARTED

Chetwynd

Burnt River/Brazion Coal Mine Properties
Western Canadian Coal Corp. Ph: (604) 608-2692
Development potential of the combined Burnt River and Brazion properties, located approx 50 km south of Chetwynd. This project is simultaneously being examined with the Wolverine coal project near Tumbler Ridge (see separate entry). The Dillon Mine is focused on the Dillon Syncline of the Burnt River property - this portion received its Mines Act permit in Sep 2004 and commenced in Nov 2004. It will exploit a mining reserve of 1.56 million tonnes at an annual rate of 240,000 tonnes and will be campaign mined at a rate of up to 60,000 tonnes/month. Studies are also now underway toward applications for an Environmental Assessment Certificate and permit to mine the adjacent Brule deposit. Production at the Brule Mine would be expected in 2006, and together with the Dillon Mine, the targeted production will be 1.5 Mt/annum of PCI coal. In Jul 2005, the Dillon Mine received approval to increase output. The Brule Mine is undergoing Environmental Assessment Act review, and held a public meeting in Jun 2005. Website: www.westerncoal.com

Status: Construction started
Est. Cost ($ million): 45
First Entry: Jun 2001
Project ID: 755
Start: Nov 2004
Finish: Summer 2007
Last Update: Sep 2005

Dawson Creek

South Peace Community Multiplex
City of Dawson Creek Ph: (250) 784-3600
Proposed 230,000 sq ft community multiplex development to be located on Hwy 2. Plans include an aquatic centre with an 8-lane, 25 m pool and leisure area, riding arena, Agri-Centre, and a 6,500-seat event and conference centre. Architect: Field, Field, and Field Architects. Website: www.southpeacemultiplex.com

Status: Construction started
Est. Cost ($ million): 22
First Entry: Dec 2004
Project ID: 1251
Start: Apr 2005
Finish: Jun 2006
Last Update: Jun 2005

Fort Nelson

Sierra Yoyo Desan Resource Road
Ledcor Projects Inc/BC Ministry of Transportation Ph: (250) 774-2541 (Regional District)
Ledcor Projects Inc. of Vancouver has been selected to design, build and finance upgrades and operate and maintain the Sierra Yoyo Desan Rd for 16 years, the 173 km resource road and a 15 km public road (maintained by the Ministry of Transportation) that connects to the Alaska Hwy just south of Fort Nelson together form the primary access to more than 27,000 sq km of oil and gas territory in the northeast of British Columbia. The project consists of the construction of a bypass, including a Fort Nelson River bridge to connect Hwy 97 to the SYD Rd, upgrade of the SYD Rd consisting of selective widening and strengthening of the existing gravel road, realignment and widening of some portions, bridge replacement and related upgrades, and maintenance and operation of the road. The bridge and a new bypass completed and opened to industrial traffic in Nov 2004. Other portions of the project construction are to be completed by Dec 2005.

Status: Construction started
Est. Cost ($ million): 38
First Entry: Mar 1999
Project ID: 542
Start: Fall 2003
Finish: Dec 2005
Last Update: Sep 2005

Fort St. John

Peace Valley OSB Plant
Canfor-LP OSB (G.P.) Corp. Ph: (604) 278-7311
Joint venture Oriented Strand Board plant consisting of four structures of approx 600,000 sq ft with a capacity of 820 million bd ft/yr of aspen-fibre OSB.

Status: Construction started
Est. Cost ($ million): 200
First Entry: Jun 2000
Project ID: 668
Start: Jun 2004
Finish: Nov 2005
Last Update: Sep 2005

Tumbler Ridge

Wolverine Coal Mine
Western Canadian Coal Corp Ph: (604) 608-2692
The Wolverine property near the Bullmoose mine 23 km west of Tumbler Ridge received a permit to mine 1.6 million tonnes per year. The project is expected to produce 200 permanent jobs and is simultaneously being examined with the Brazion project southwest of Chetwynd (see separate entry). An amendment to increase production was approved Jul 2005.
Website: www.westerncoal.com

Status: Construction started
Est. Cost ($ million): 242
First Entry: Jun 2001
Project ID: 754
Start: May 2005
Finish: July 2006
Last Update: Sep 2005

STATUS: COMPLETED

Chetwynd region

Willow Creek Coal Project
Pine Valley Mining Corporation Ph: (604) 682-4678
Thermal and semi-hard coking coal mine 45 km west of Chetwynd. Initial production of 900,000 tonnes/yr of coking and steam coal and processing at 250 tonnes/hour. Stage 2 development ncludes the installation of a coal preparation plant which will handle coal crushing, handling and train loading facilities, next to the rail siding and construction of additional ancillary infrastructure. Project Manager is Merit Consultants International Inc. Website: www.pinevalleycoal.com

Status: Completed
Est. Cost ($ million): 29
First Entry: Dec 1997
Project ID: 329
Start: Summer 2004
Finish: Fall 2005
Last Update: Sep 2005
